10.30 am to 3.30 pm

Doors open 10.00

Greyfriars Community Centre
44 Christchurch Road
Ringwood, BH24 1DW

1. Using Nik Software Plug-ins and an Introduction to Colour Management

Peter Lovelock

An overview of the various **Nik Plug-ins** and demonstrations of their ease of use. The features of each plug-in will be explored, explaining the functions available and the spectacular effects that can be created will be demonstrated.

Colour Management for Photographers

Achieving a print that looks anything like the image on your screen has always been challenging. During this session, the background of colour workflow will be discussed and, how you can take control will be demonstrated.

Monitor profiling, printer profiling, Print viewing and also understand methods of controlling the colour right at capture will be covered.

2. Be Famous for 5 Minutes

Show some of your favourite images. Bring your prints, images for digital projection, or short AVs (max 5 minutes) to present informally. (DP images 1024X768 pixels tiff or jpeg format please)

Admission: DIG Members £5.00. All others £7

All welcome

Tea and Coffee, Bring Packed Lunch

3. Southern Centre AGM 3.30 pm
