

## VIEWFINDERS OF ROMSEY CAMERA CLUB

### DIRECTIONS ON HOW TO FIND OUR CLUB MEETING PLACE

If approaching **from the South** on the A3057, you will pass under a railway bridge, (A on map) immediately on leaving the town of Romsey. Follow this road for approximately 2 miles, but you will need to take care around some of the bends. After passing the 30mph sign at the south of Timsbury, you will find the road widens out to allow access to the sports field on the right, with a hatched area down the centre of the road. New Road is the next turning on the right, with black and white marker posts with reflectors on the verge marking the corner. (A road sign to Michelmersh is on the corner of New Road).

**From the East** you can turn off the A3090 just after passing through Ampfield (B on map) – the road is signposted Hilliers gardens/Arboretum but is on a bend on a fast stretch of road. This road will join the A3057 south of Timsbury. Otherwise continue into Romsey and turn right into Cupernham Lane (C on map) which will then go north to join the road through from Hilliers.

**From the north**, leave the A34 at the interchange with the A303 at Bullington Cross, S to Sutton Scotney, then the A30 to Stockbridge and finally the A3057 to Timsbury. Not long after passing the Bear and Ragged Staff (PH) on the left you enter a 30 mph zone (The Malthouse PH is on the right) and New Road is the next turning on the left, on a bend.

The Hall is about 100 yards along on the right hand side of New Road, with a large car park in front of it.
